Overview

New Development: Prices from €399,000 to €899,000. [Bedrooms: 2 - 3] [Bathrooms: 2] [Built size: 80m2 - 138m2]. This is a premium residential development located in the new La Loma area of Fuengirola, the city's fastest-growing district. The project is inspired by the tradition of the Night of San Juan, where jumping over seven waves symbolizes good luck, reinterpreting this sea-related gesture into a contemporary urban architectural concept.

The building consists of 7 floors, 77 residences, and 6 exclusive penthouses in collaboration with external agencies. All penthouses are oriented towards the sea and are part of a gated community with security, video surveillance, and included parking and storage rooms.

Its location is especially privileged, situated directly in front of the Gran Parque de La Loma. This first-line park

position allows for an open and unobstructed environment, where views of the landscape cannot be interrupted, ensuring spaciousness, natural light, and a continuous visual connection with nature.

The penthouses are the most exclusive residences in the development. There are six 2-bedroom units featuring large terraces that maximize natural light and panoramic views. They offer an open-plan living-dining area with an integrated kitchen, a master bedroom with en-suite bathroom and walk-in wardrobe, as well as a private jacuzzi on the terrace. All of this is complemented by aerothermal climate control systems, providing comfort, efficiency, and an elevated lifestyle within an urban setting.

The corner penthouses stand out, as they also include an additional terrace facing the main avenue.
