BUILD NOW OR INVEST FOR THE FUTURE

Position yourself ahead of the market with this rare opportunity to acquire 2,400m² of land within an approved residential development in the sought-after elevated area of Montemayor, Benahavís.

Importantly, the Town Hall of Benahavís has confirmed that construction can commence now, providing buyers with two attractive options: proceed with the development of luxury villas or secure the plots as a strategic land bank investment for future appreciation.

Unlike speculative land purchases, this opportunity benefits from an approved wider development framework, together with confirmation from the Town Hall regarding the possibility of building immediately, subject to the relevant individual building licences and requirements.

The land is divided into **three independently registered plots of approximately 800m² each**, with the potential for luxury single-family villas constructed over three levels.

Enjoying an elevated position with panoramic open views, the plots offer excellent potential for private buyers, developers and investors seeking flexibility in one of the Costa del Sol's established luxury residential areas.
