Overview

Charming Andalusian Country Estate Offering Privacy and Self-Sufficiency in Entrerríos – Mijas Costa

Magnificent country estate located in Entrerríos, Mijas Costa, in a privileged natural setting where you can enjoy peace, privacy and a close connection with nature, while remaining just a few minutes from the centres of La Cala de Mijas and Fuengirola, with excellent road connections to Marbella, Málaga and Málaga International Airport.

This is an especially attractive property for those seeking independence, space and quality of life. The generous land provides a high degree of privacy and offers plenty of possibilities for growing your own produce, planting fruit trees, keeping animals or creating different leisure and recreational areas — allowing you to enjoy your own private retreat on the Costa del Sol.

The property also benefits from important self-sufficiency features. It has its own private well for irrigation, connection to the mains water supply, and an independent electricity system powered by solar panels, providing greater energy independence and considerably reducing reliance on conventional utilities.

At the heart of the estate stands a charming Andalusian-style cortijo of approximately 250 m², distributed over two floors, combining the character of traditional architecture with spacious, bright and welcoming interiors.

On the ground floor, there is a large living and dining room with a fireplace, ideal for family gatherings and relaxing evenings, together with a cosy reading area featuring a built-in library. The fully equipped kitchen is finished in solid wood and includes a practical pantry. From this level, there is direct access to an impressive covered porch of approximately 80 m², designed to make the most of the Costa del Sol climate throughout much of the year, with direct access to the gardens. A full bathroom completes this floor.

The first floor offers four spacious double bedrooms, all with fitted wardrobes. The master bedroom benefits from an en-suite bathroom, while a second full bathroom serves the remaining bedrooms. From this level, there is access to a generous sun terrace offering beautiful open views across the valley, mountains and natural landscape of Entrerríos.

The outdoor areas are one of the property's main attractions. The estate features extensive garden areas and a private swimming pool with a relaxation area, perfect for sunbathing, unwinding or enjoying time with family and friends in complete tranquillity.

This is an ideal property for anyone wishing to live surrounded by nature and enjoy complete privacy whenever desired, with enough land to grow produce and keep animals, as well as independent water and energy resources, while still remaining close to all the services, shops, beaches, schools and golf courses of La Cala de Mijas and Fuengirola.

There is also the option to purchase an adjoining plot of approximately 12,000 m² for €200,000, significantly increasing the size and possibilities of the estate.

A distinctive property that is increasingly difficult to find on the Costa del Sol: nature, privacy, land, self-sufficiency and excellent accessibility, all within easy reach of some of the area's main towns and beaches.

Ideal as a permanent residence, second home, family estate or private countryside retreat.
