Overview

Sea Views, Multiple Incomes, Unlimited Potential – Welcome to Your Mijas Investment

Set in one of Mijas' most sought-after locations, this exclusive multi-unit property combines the charm of village life with the power of immediate rental income and exciting development potential.

On the ground floor, two self-contained apartments are ready to welcome tenants or holiday guests – keys in hand, income from day one. Each has its own independent access, making them ideal for separate rentals or family stays.

On the first floor, the views open up. Here, a spacious apartment spans the entire level, offering generous living areas and breathtaking views of the Mediterranean. Large windows flood the interiors with natural light, while the

balcony becomes your front-row seat for every sunrise and sunset over the sea. This unit is also ready to rent immediately, giving you three income streams the moment you complete the purchase.

On the second floor, a blank canvas awaits. With permissions already in place, you can create one impressive luxury apartment or split the space into two smaller units – each with its own spectacular sea views. Whether you opt for high-end holiday lets, long-term tenants, or a mix, the returns are yours to shape.

At the very top, a rooftop terrace crowns the building, offering 360º views of the coast and mountains. Picture a shared chill-out space, a rooftop bar for guests, or even an extension for a showpiece penthouse.
