Overview

Detached Villa Surrounded by Nature with Sea Views, Walking Distance to the Beach & Development Potential

Set in a peaceful natural setting surrounded by green hillsides and countryside, yet within walking distance of the sea, this traditional detached villa offers a rare combination of tranquillity, coastal living and exciting potential. Located in Chilches, directly bordering Benajárafé, the property enjoys attractive sea and countryside views and plenty of scope to create a home tailored to your requirements.

The villa retains its traditional Spanish character, with whitewashed walls, blue-and-white tiled details, decorative balustrades, terracotta features and several spacious terraces.

A large garage provides the possibility of creating a separate self-contained apartment, while there is also scope for an additional level and a private swimming pool, subject to the necessary planning permissions. These possibilities offer considerable flexibility, whether for additional family accommodation, guest space or creating a more substantial coastal home.

Outside, the property benefits from a private garden with established fruit trees and mature planting, together with several terraces providing plenty of space for outdoor dining, entertaining and enjoying the surrounding views.

The property would benefit from modernisation, but its combination of natural surroundings, sea views, walking-distance beach access and development potential makes it an appealing opportunity for buyers looking for a property they can transform and make their own.
