€335,000

El Palo, Málaga

Bedrooms: 3 | Bathrooms: 1 | Built: 92 m² | Terrace: 5 m²

Overview

Living by the Sea in One of Málaga's Most Characterful Neighbourhoods

Available for sale, this is a great opportunity in El Palo, one of Málaga's most characterful neighbourhoods, just a short walk from the beach and well connected to the rest of the city.

The apartment is on the fourth floor and offers around 93 m² of built area. From this height, you get a lovely open view over the rooftops of the neighbourhood, with the sea in the distance.

The layout is simple and comfortable. From the entrance hall, you reach the kitchen, which includes a practical utility area. Next is the bright living room, opening onto a good-sized terrace — a very pleasant spot for breakfast,

an evening drink, or simply enjoying the sun and the sea views. The sleeping area has three bedrooms and one bathroom, with the bedrooms facing the main façade.

Renovated in 2019, the apartment has air conditioning and comes with a storage room in the building, which is always a useful extra.

The location is a big part of the appeal. El Palo is one of Málaga's most traditional seaside neighbourhoods, with a strong local identity and a long connection to fishing and the sea. It is a lively area all year round, with beaches, a seafront promenade, traditional chiringuitos, local shops and everyday services all close by.

It still has the feel of a real Málaga neighbourhood — relaxed, lived-in and full of character — while being close to the city centre and only a few steps from the Mediterranean.

The property works very well as a main home, but also as a second residence by the sea. For investors, the combination of three bedrooms, terrace, proximity to the beach and a well-established residential area also makes it an attractive option for long-term rental demand.

A bright, comfortable home with a terrace and sea views, in a neighbourhood that offers something increasingly hard to find: local life, the beach and the city, all in one place.
