PROPERTY LAYOUT
Ground floor
The entrance floor features a cozy living-dining room, with enough space for two sofas and a dining table, an independent kitchen, and a guest toilet.
The living room features a beautiful wood-burning fireplace, equipped with a heat distribution system that also warms the upper floor during the cooler months. Its large glass doors provide access to the outdoor spaces and allow for an abundance of natural light throughout the year.
First floor
On this floor, we find two well-sized bedrooms, both with private balconies. The two bedrooms share a full bathroom, equipped with both a bathtub and a shower.
Top floor
The upper floor houses the master bedroom, which features an en-suite bathroom, a fitted wardrobe, and additional storage space. From the bedroom, there is access to a pleasant private balcony with beautiful sea views.
In total, the property has three bedrooms and three bathrooms, including the guest toilet located on the ground floor.
OUTDOOR SPACES AND COMMON AREAS
One of the main attractions of this property is its generous outdoor space. The home features front and rear patios, ideal for enjoying outdoor dining, gatherings with family and friends, or simply relaxing and taking advantage of the Mediterranean climate.
The rear patio also includes a large built-in storage room.
Thanks to its east-west orientation, it is possible to enjoy the sun at different times of the day in both outdoor spaces.
The property has access to a large and quiet communal garden, very well maintained, which features a swimming pool and offers a pleasant environment to enjoy the outdoors.
THE URBANIZATION – JARDINES DE LAS LOMAS
Jardines de las Lomas is a consolidated and quiet residential community consisting of only 18 townhouses. It is a welcoming and well-established urbanization, ideal both as a permanent residence or as a second home in Marbella.
The community provides parking spaces for residents. Additionally, there is the possibility of restoring the original use of the front patio and converting it back into a private parking space, as it previously served this function.
