Detached Villa in La Cala Golf

€3,750,000

La Cala Golf, Málaga

Bedrooms: 4 | Bathrooms: 4 | Plot: 1640 m² | Built: 765 m²

Overview

Some homes impress with their setting. Others with their design. This remarkable contemporary villa brings both together, with an uncompromising approach to quality that can be appreciated in every detail.

Set on a 1,640 m2 plot in the natural surroundings of La Cala Golf, the villa offers 765 m2 of beautifully crafted living space distributed across three levels. Its architecture has been conceived around generous proportions, natural light and a seamless relationship between the interior and the surrounding landscape.

The main floor opens towards the terraces, landscaped garden and infinity pool through expansive floor-to-ceiling glazing, allowing the views to become part of the living spaces. The large independent kitchen, centred around a substantial island and fitted with premium Gaggenau appliances, reflects the same focus on design, functionality

and quality found throughout the home.

The villa comprises four bedroom suites, three of them on the upper floor, including a spacious principal suite with extensive fitted wardrobes and a refined bathroom with freestanding bathtub, separate shower and double vanity. A fourth suite on the lower level provides additional privacy for guests, while an independent staff studio with kitchenette and bathroom adds further flexibility.

What truly distinguishes the property is the attention devoted to materials, finishes and technical execution. Aerothermal technology, underfloor heating throughout the villa, integrated climate control, solar thermal support and an advanced KNX home automation system by JUNG have been carefully incorporated to provide a high level of comfort without detracting from the architecture.

The lower level has been designed as a private leisure and wellness retreat, featuring a home cinema and entertainment room with bar, fully equipped gym and dedicated spa area with sauna, shower, relaxation space and massage area, creating the atmosphere of a private resort within the home.

Outside, the infinity pool forms the focal point of the landscaped garden, complemented by Mediterranean planting, a private minigolf and a selection of covered and open-air terraces. Dining, lounge and chill-out areas provide different spaces for relaxing and entertaining while enjoying the surrounding views.

The property also includes a two-car garage, additional exterior parking, laundry room, storage and comprehensive indoor and outdoor security systems.
Facing east, northeast and southeast, the villa enjoys expansive views towards the Mediterranean and the mountains, in a peaceful residential setting surrounded by nature and golf.

A distinctive contemporary home where architecture, technology and outstanding craftsmanship come together — created for buyers who recognise the difference that true quality makes.

As an additional opportunity, the adjoining 1,609 m2 plot is also available for €245,000, offering the possibility to further extend the property and enjoy even greater privacy, outdoor space and flexibility of use.
