THE ESTATE & LAYOUT

The Main Residence
The core of the home exudes timeless elegance and modern functionality. Thoughtfully updated with premium materials, including bespoke oak joinery and rich natural marble surfaces, the main house offers light-filled living spaces, a chef’s kitchen, central air conditioning, and high-security glazing throughout. Accommodation includes spacious bedroom suites and refined bathrooms, designed for total comfort and independence.

The Pool House & Guest Annex (The Heart of the Home)
What truly sets this property apart is the impressive secondary structure (annex) wrapping around the swimming pool. This setup creates a completely wind-sheltered, private courtyard shielded from all outside view.
The Ultimate Entertainment Hub: Featuring a fully equipped, professional-grade pool kitchen with extensive cold storage, high-end appliances, and ample space to host poolside dinner parties or summer events.

Ready Guest Quarters: The annex currently includes two full bathrooms and a spacious room with natural light (currently used for storage), which effortlessly functions as an independent guest suite, gym, or pool suite.

Unlocked Future Potential
In addition to the main house and pool annex, the property features a large raw space with its own direct, independent street entrance. This area offers incredible potential to build a second completely self-contained guest apartment, staff quarters, or a lucrative rental unit without disturbing the privacy of the main house. Or maybe you want to convert this to a proper private gym? This space can also serve as a very spacious storage unit due to it's high ceiling and because it's direct independent access directly from the street, you can also rent it out.
