Overview

Some homes simply offer space. Others offer a lifestyle. This exceptional four-level townhouse is designed for those who appreciate quality craftsmanship, generous living areas and everyday comfort in a peaceful residential setting. Built in 2006 to an exceptional standard using high-quality materials, this property reflects careful planning, outstanding construction and timeless design. Every detail has been thoughtfully considered to create a home that is both elegant and highly functional.

The house is distributed over four levels—basement, ground floor, first floor and attic—all connected by a private lift, ensuring effortless access throughout the home.

The basement features an impressive garage with space for up to four vehicles, a private office ideal for remote

working, a full bathroom and a technical/utility room.
The ground floor is the heart of the home, offering an expansive open-plan living and dining area seamlessly connected to a modern kitchen. Large windows fill the space with natural light and create a welcoming atmosphere for both everyday living and entertaining. From here, you have direct access to two spacious terraces, perfect for outdoor dining, relaxing or enjoying the Mediterranean climate all year round.
The first floor is dedicated to the sleeping quarters and includes three generous bedrooms. The elegant master suite benefits from its own en-suite bathroom, while a second full bathroom serves the remaining bedrooms.
The top floor (attic) provides exceptional flexibility, featuring a large second living room, an additional bedroom and a full bathroom. This level can easily be adapted as a guest suite, home cinema, gym, games room or private studio.
Located in a quiet residential neighbourhood made up exclusively of detached and semi-detached homes, the property offers privacy, security and an excellent quality of life. All essential amenities—including supermarkets, shops, schools, restaurants and leisure facilities—are conveniently located nearby.
One of its greatest advantages is its location: the beach is just 800 metres away, allowing you to enjoy the Mediterranean lifestyle with a pleasant walk whenever you wish.
