Townhouse in Cabopino

€649,900

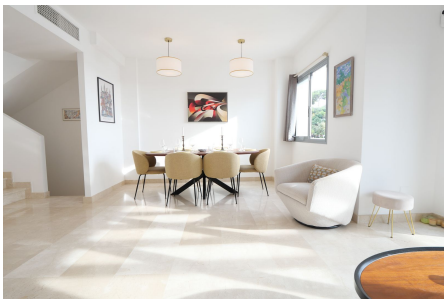

Cabopino, Málaga

Bedrooms: 3 | Bathrooms: 2 | Built: 132 m²

Overview

This modern house with amazing sea views is located by Cabopino Golf in East Marbella. From its elevated position we feel that this is one of the best houses in the whole complex for a number of reasons, its elevated position provides lots more light, located in a quiet cul de sac it does not suffer from traffic noise and there is room for two cars in its driveway and it has better views that really need to be appreciated in person. The owner has invested a large amount of money to improve the house by cleverly creating an open plan layout making the property feel much larger he has also added new high quality full length bi-folding windows allowing the terraces to feel like an extension of the living area.

The house enjoys no less than three terraces and even a small garden on the lowest level. We strongly recommend

a visit.
